Re: Proposed Discontinuation of Inpatient Rehabilitation at Holy Cross Hospital

Dear Ms. Pacura,

Thank you for notifying us that Holy Cross Hospital plans to file a Certificate of Exemption in order to consolidate its inpatient rehabilitation unit to Schwab Rehabilitation Hospital on November 1, 2017. The Shirley Ryan AbilityLab (formerly the Rehabilitation Institute of Chicago) supports your proposed plan. We understand that centralizing these services at Schwab will maintain and strengthen the rehabilitation services it provides, particularly as a disproportionate share hospital. If we can provide any further assistance in regard to this matter, please do not hesitate to contact us.

We wish you and the team at Schwab the best of luck with the transition.

Sincerely,

Joanne C. Smith, MD  
President & Chief Executive Officer

RE: Proposed Discontinuation of Inpatient Rehabilitation at Holy Cross Hospital

Received: July 28, 2017

Dear Ms. Pacura,

In response to your letter dated July 18, 2017 regarding the centralization of inpatient rehabilitation services at Schwab Rehabilitation Hospital, AMITA Health Medical Center La Grange has capacity in the inpatient rehabilitation unit to accommodate a portion of Holy Cross Hospital's current caseload. To my knowledge, there are no restrictions or limitations that would preclude AMITA Health Medical Center La Grange from providing services to the residents of Holy Cross Hospital's service area.

Thank you,

Michael Murrill

President/CEO, AMITA Health Medical Center La Grange
